

Erasmus Student Network Minho (ESN Minho) is a non-profit organization which aims the integration and best possible experience of Erasmus students at their host university during their mobility time.

We are a team of near 50 volunteers working for one purpose. For that, we maintain at University of Minho, our ESN office in which we help the mobility students and develop some of our projects. Every semester we are proud to receive interns to help us achieving our goals and developing our projects.
