## **~ Congressional internships for exemplary CEE student leaders ~**

Capitol Hill Internships offer a unique career-building experience to top-ranked CEE university upperclassmen whose terms comprise the covering of Congressional hearings and briefings, drafting floor statements/press releases and, on occasion, shadowing the US lawmaker through his/her legislative day.

Internships include trademark off-Hill educational events through direct contact with field experts at US government agencies and select public and private institutions, and designation as a panel speaker at the Foundation-hosted Washington Forum for Transatlantic Future Leaders.

The Foundation is now inviting Poland's leaders of tomorrow who exhibit superior scholastic achievement and demonstrate talent in international affairs to submit their vitae in English, saved as rich text format (as \*.rtf) files, **no later than close of business Wednesday, October 2, 2013**, to: [internships@plusnet.pl](mailto:internships@plusnet.pl).

Only applicants eligible to receive academic dispensation for up to a three-month-long congressional internship need apply. Short-listed Polish applicants for the Fall-term are not required to reapply.

Internships are unpaid and Polish interns assume sole responsibility for their own financial support.

Marek S. Podhorecki
