The city of Valencia

Valencia is the 3rd largest city in Spain and the capital of the region of Valencia.

As well as the beaches, sea and climate, Valencia is also known for its cultural wealth, such as the Fallas festival (which lasts almost a month), its sporting events, the spectacular "Ciudad de las artes y las ciencias" and its numerous natural reserves and parks.

It is one of the most well-known cities for international exchanges, such as Erasmus or Leonardo. The expression "all work and no play" simply doesn't exist here! In Valencia you have everything you need on both a professional and cultural level as well as your social life.

Carrying out your internship in a good atmosphere and in a beautiful building will without doubt add to your experience .
